

Call His Name

©2004 Angel Records and Publishing

Are you chasing rainbows?
Sometimes I think I am
But then I look, To the Lord
No I don't see his plan
Just a part of it, Only a part of it
Just a part

Are you wasting your life
Searching for someone to care
If you'd just look, To the Lord
You see He's already there
Time is wastin', the Lord is calling
And He already cares

How do you reach Him you say?
How do you know that He's there
Open your heart, Shake off the fear
Call His name and He will hear

Are you living a lie?
Each day go home and cry
You know there's more
Than your eye can see
But you can't see that far
Open your heart, You'll see a part of it
He is there
