

# It Was My Sin

©2004 Angel Records and Publishing

God is Love, God is Holy  
In His presence there's no sin  
God is Love, He is Holy  
We all fall short of Him

Yes all have sinned, None are holy  
Separated far from Him  
But He made a way, Because He loves us  
Made a way back to Him

It was my (your) sin, He bore on Calvary  
It was my (your) sin, He carried the cross for me  
(Blood shed for you and me)  
It was my (your) sin, that nailed Him to that tree  
It was my (your) sin, It was my sin

But you might say, I'm not so bad  
Just look at the other guy  
But look at God, He is Holy  
You can't stand up to Him

You who have no money, come buy and eat  
There's someone waiting for you, You need to meet  
He's paid the way, When there's no other way  
Someone always has to pay
