

# Just As You Are

©2004 Angel Records and Publishing

When you're tired, and all alone  
And nothing, is going right  
And your dreams, and all your cares  
Seem to vanish, in the night  
Just remember that He's with you  
He'll never leave you or forsake you

He said He loves you  
Just as you are  
Yes He loves you  
Just as you are  
All that you are all He sees

When the world, it brings you down  
And your friends, they aren't around  
And it seems, there's no one to talk to  
No one knows, and no one cares  
Just remember that He cares for you  
And He's waiting there to hear from you

Yes, Jesus loves me  
Yes, Jesus loves me  
Yes, Jesus loves me  
The Bible tells me  
I heard Him tell me  
My new song tells me so
