

When I See You

©2014 Angel Records and Publishing

Lord I want to see your face
Lord I want to see your glory
Lord I want to see your face and worship You
Yes I want to see your face
In your radiance and glory
See You high and lifted up
See your glory shining through

Lord I want to know your ways
Lord I want to make them my ways
Lord I want to know your ways and live like you
Lord I want to know your ways
Though your ways are not like our ways
They are higher they are better
And your kingdom coming through... And

When I see you I'll be like you
Changed in a twinkling of an eye
See your power and your glory
See you seated upon high

Lord I want to know your thoughts
Lord I want to make them my thoughts
Lord I want to know your thoughts and think like you
Lord I want to know your thoughts
Though your thoughts are not like our thoughts
They are higher they are better
And your wisdom coming through... And

When I see you, See your face, See your glory
Lord I want to see your face Cause
