

Faithful Friend

He knows my name
He knows my heart
He knows everything about me from the start

He knows my pain
He knows my shame
He knows my hopes and dreams and failures every part

And when I cry
And don't know why
He's always there to answer when I call

And when I fail
And I'm afraid
He's always there to catch me when I fall

Faithful friend
One true God
Faithful friend
Your love and mercy never end

He knows my tears
He knows my fears
He knows how to touch me way down deep inside

He knows my love
He knows my cry
He knows how to find me when I go and hide

Have you called upon my friend?
Have you called his name out loud?
Jesus waits for one and all
He will hear you when you call
