Counterfeit is hypocrite and I don't want to be one  
So if you hear a Pharisee be sure you don't believe one  
Jesus said beware of his yeast you see  
For if you are infected, you'll have the same disease

So if you put a burden or if you criticize  
See faults and don't have love, then you're believing lies  
You'll have the same religion and Jesus it won't be  
Just rules and trying harder, to live what you say you believe

For the righteous live by faith  
A burden it won't be  
The yoke it will be broken  
The truth will set you free

So just say Jesus [Jesus] Jesus [Jesus]  
Come and set me free  
Say Jesus [Jesus] Jesus [Jesus]  
I really do believe

Sometimes if you're not sure, and don't know what to believe  
Remember that the truth, is in the Word you read  
And Jesus sent his Spirit, to guide us in the truth  
So don't be caught deceived, by satan's religious ruse
