Tortured, Can they feel their pain?
Tortured, Yet they feel no chains
Is a mess but they can't feel
Deceived they know not the love that He freely
gives

Know His heart
Won't you take the time?
Know His heart
Say yes, it's the time
Know His heart
He's calling you
(He's) Calling you out of your pain

Empty in side, the hurt's so deep
Walking, No one knows, No one can see
Jesus can open the doors
Set you free reach in and remove your heart of
stone

Break your chains
Release your pain
Forgive and forget
Set the captives free
