

What Could Be Better Than That?

Joe Smetana

Sometimes we think we have to work to get to heaven
How far we have gone wrong
Seem the price has been paid in full for us
Seems the works been done

All of our righteousnesses filthy rags
They all get burned up
Its only that which we do in Jesus
That with us will go up

What could be better than that?
I ask you
What could be better than that?

To each one God gives a measure of faith
We only need believe
He who believes in Him will not perish
Eternal life receive

What are we striving for?
Its all grace
That what sees us through
The kingdom of heaven on earth receive
He gives us that too
