You're looking for something radical  
Something to live for  
You've tried so many things by now  
Drugs and sex and worse things too  
But no they just won't do  
There's a void left deep inside  
Maybe you've tried exercise  
Cars or work or socialize  
Not even money seems to do  
Everything that's under sun  
But have you met the one  
The One who makes it all worthwhile

Did you ever find Jesus? , Did you ever find Jesus?  
Did you ever find Jesus through it all?  
Did you ever find Jesus? Oh He wants to know you  
Did you ever find Jesus through it all?

You've found religion and you said no  
There's nothing there for you  
You're looking for life not something dead  
Cold and dull and rules for you  
No that just won't do  
You'd rather just stay home in bed  
Hypocrites you say you see  
Or lives of mediocrity  
Nothing's quite the way they've said  
Say they have all that they need  
You see their lives you don't believe  
You question all the things they've said

Don't you know He cares for you?  
Don't you know He died for you?  
But He's not hanging on that cross  
There's nothing He can't do  
A great new life He has for you  
And through His blood your life He bought  
Oh I want to show you  
How you can know Him  
Oh I want to show how good He is  
And all He's done for me  
And all He'll do for you  
But you must first give Him a chance
