

Not a Distant God

Words and Music by Joseph

Your eyes are closed you bow your head
You're acting like your God is dead
You feel unworthy, See your sin
The devil's lies, He's trapped you in

But Jesus died to set you free
From sin and death for eternity
He says you're worthy, paid for your sin
So raise your head and look to Him

Look up, Put your eyes on Him
Call out, He will hear your voice
Draw near to the loving God
Praise Him, for he cares for you
He's not a distant God

Are you feeling down, Are you feeling low
You heard about God but you just don't know
But we're not talking about a God far away
He's as close as your breath when you look his way

He's not a distant God
He's closer than your closest friend
He's not a distant God
Through his blood you can enter in
He's not a distant God
He'll be your closest friend
He's not a distant God
Draw near and let Him in
He's not a distant God
