

## **Gifts We Bring**

©2007 Angel Records and Publishing

A child was born in Bethlehem  
We did not understand  
A baby boy was God made man  
We did not understand  
A star was shining overhead  
Peace on earth the angel said  
What manner of child is this?

A child born to save the earth  
We did not understand  
Slain from foundations of the earth  
We did not understand  
What our God had done for us  
Where our life was coming from  
The miracle this child on Christmas morn

Christmas morning  
Gifts we bring for He has given to us  
Christmas morning  
Praise we bring for He was born for us

Our searching has come to an end  
If we'll just understand  
So look unto this child again  
If we'll just understand  
Of our God's true love for us  
The way that He has made for us  
Every question that we have will end
