

Make You a Sandwich

You say that Jesus
He was just a man
You don't believe miracles
Were done by His hands, You say
A good teacher, Is all than He is
But there is something
You really have missed, So I'll

Make you a sandwich on the highway to hell
The traffic's heavy and it's going so well, You should
Take a right turn at the cross road ahead
The narrow way before you end up dead

You say the Bible
It's just a book
But it time that you should
Take another look
Myths and fables is all that you say
But you have surely missed that
Jesus is the way, I'll Just

The end it coming and it's not far away
So trust in Jesus, He's the only way
Your life to Jesus in the words that you say
You won't be sorry when it comes to that day, I'll Just
