

Power in His Name

He came not for peace
But to bring us a sword
Unite us with God
Through his holy word
He came for you, And He came for me
And through his blood, We have the victory

And there's power in His name
There's power in His word
He rose from death and He lives again
There's power in His name
Healing in His name
And through His love, We will rise again

Forgiveness He gave
Each one of us He'll save
Who calls out to Him
And proclaims him Lord
He died for you, And He died for me
And through His death, We have eternity

The trumpet is blowin'
So take up your sword
Stand up and fight
And proclaim His word
He'll soon come again, And then you will see
Each tongue claim Him Lord on bended knee
