This world it shadows the reality of Jesus  
Looking for a substitute  
Saying its OK, If it feels good do it  
Yet it's all a substitute  
But God made us by His master hand  
According to His master plan  
We can't deny what He's put inside  
The lie becomes the guilt we hide

Reality – Set me free  
Reality – Jesus in me  
Reality – That the world would see  
Reality in me

The world it tells us how to comb our hair  
Giving us the substitute  
Says the clothes we wear will take us there  
Still it's all a substitute  
Yet Solomon in his glory  
Wasn't clothed like the lilies of the field  
If we give God all the glory  
Our lives they will be filled

If we lift our hands and praise Him  
He'll show us His salvation  
The wonders of creation  
The healing of the nations
