

# To Know Jesus

We spend so much time, Worrying who's wrong or right  
When all we should know, Is Jesus the light  
The darkness will all fade away  
When brought to the light  
The darkness will all fade away  
The truth become bright

We spend so much time, Wondering what's wrong or right  
When we cannot live, By our own might  
We're saved by his grace  
Works won't make us like him  
We must live by faith  
Our lives flowing from him

Oh, to know Jesus  
Just to be like him  
Oh, to know his power  
And fellowship of his suffering

In the light of his glory, You'll know the truth  
Be changed to his image, You won't be fooled  
When brought to the light  
The truth you will see  
His glory and power  
The truth set you free
